Transform your IT infrastructure with our MEDITECH hosting services in the Tegria Cloud. This private cloud solution offers enhanced performance, security, and support tailored specifically for MEDITECH users.

- ✓ Application Hosting
- ✓ Support for All MEDITECH Versions
- ✓ Cloud Migration
- ✓ MEDITECH Alliance Partner

Transforming Healthcare With Integrated Cloud Solutions

- **Tailored Healthcare Environment**
The Tegria Cloud is built specifically for healthcare applications, providing an optimized environment that enhances the performance and reliability of MEDITECH systems.
- **Customizable Scalability**
Our hosting solution scales effortlessly to meet the growing demands of healthcare providers, allowing for easy adjustments in resources without the need for significant upfront investments.
- **Seamless Integration**
The Tegria Cloud facilitates seamless integration with other healthcare systems and third-party applications, enhancing workflow efficiencies and patient care coordination.

- **Enhanced Security and Compliance**
With a private cloud infrastructure, we offer advanced security measures that meet the strictest healthcare regulations, ensuring that patient data is protected against breaches and unauthorized access.
- **Dedicated Support**
We provide 24/7 expert support dedicated to MEDITECH environments, ensuring any issues are addressed swiftly to maintain continuous operation and minimal downtime.
- **Proven Reliability**
With over two decades of MEDITECH hosting experience, we guarantee high availability and consistent performance so healthcare providers can rely on critical systems' being online and responsive when needed.

Your Healthcare Transformation Partner

Tegria is a global healthcare consulting and services company that partners with provider and payer organizations to transform healthcare. Tegria's global team of more than 1,000 experienced professionals has helped drive meaningful change for more than 650 provider and payer clients across North America and Europe. Tegria has been ranked and recognized in consecutive Best in KLAS reports, including a #2 ranking in the 2026 Best in KLAS: Software & Services report for Overall IT Services Firm and Best in KLAS recognition for Payer IT Consulting (2025) and Application Hosting (2024).

Application Hosting Firm**

Supporting Long-Term Success

Anytime something comes up with MEDITECH, **our first call is to Tegria.** I pretty much rely on Tegria to manage all the MEDITECH servers. They manage the hardware, the updates, the backups. **They do a great job.**"

Jeff Stoabs, CIO,
Summit Medical Center

On the planning side, **Tegria went above and beyond.** Their work captured details that, even with my experience, I might have overlooked, including elements that proved critical to the overall cost and awareness analysis"

CIO, October 2025, collected by
KLAS Research

We were doing so much managing servers and managing the legacy EHR. Tegria took on so much of that. Combined with MEDITECH's efficiencies, **it relieves such a big burden for IT.**"

Brian Heersink, IT Director,
San Luis Valley Health
